

PHARMACY AND POISONS BOARD (PPB)

Ensuring Safety, Quality and Efficacy of Medicines

NOTICE TO CLIENTS

The Pharmacy and Poisons Board (PPB) wishes to notify its clients that with effect from 16th August 2018, only Certificates of Analysis from the National Quality Control Laboratory (NQCL) shall be recognized for purposes of Registration of Medical Products.

It is further clarified that Certificates of Analysis of products submitted for analysis before the effective date shall be exempt from this requirement.

The PPB wishes to appeal to all clients to comply with this requirement towards ensuring the safety, quality and efficacy of medical products.
